

Job description

Senior MRI Radiographer

Location: Kingston**Reports to:** Imaging Services Manager**Working with:** CQC Registered Manager, Patients, Trusts, Suppliers, Clinical Colleagues, Reporting Managers, Radiologists and Head Office Support Staff

InHealth sees more than 3 million patients each year and diagnostic imaging is one of the busiest services that we provide. Our Radiographers are a vital part of the InHealth team and they are responsible for making sure our patients receive the best standard of care, generating high quality images as part of their pathway.

As a Radiographer, you will deliver a professional and efficient service, working alongside your colleagues in our dynamic and fast-paced sites. As an integral part of our clinical team, your skills as a Radiographer help us to deliver on our vision to make healthcare better.

What you will do:

- Carry out magnetic resonance imaging (MRI) procedures to best practice standards of radiographic technique (MHRA Guidance 2015, IR(ME)R 2017, Code of Clinical Practice)
- Provide a great experience for patients attending for MRI scanning, supporting them through the process from referral to results
- Run quality assurance checks on equipment and action as appropriate
- Respect and work within patient's and service users' customs, values and spiritual beliefs, making sure their views are sought and taken into account
- Perform triage functions of referrals, as required
- Support patient bookings and make sure Patient Information Systems are maintained with accurate and up-to-date information
- Understand and work in line with our suite of corporate policies supporting personal and clinical safety, including the Health and Safety Policy and Infection Prevention and Control Policy
- Demonstrate safe, effective practice in line with policies and procedures
- Maintain professional competencies and CPD
- Take ownership and fulfil the requirements of any required statutory and mandatory training
- Complete competency assessments
- Assist placement students and other colleagues in the achievement of their learning outcomes
- Share knowledge and clinical expertise

What you are responsible for:

- Adhering to all operational procedures as outlined by InHealth (daily returns, timesheets, private mileage returns, etc)
- Maintaining a high level of professionalism, customer care, and service provision
- Reporting all incidents and complaints in line with our policies
- Adhering to the requirements of the Data Protection Act
- Ensuring the smooth flow of clinical and administrative work
- Effectively communicating and appropriately responding to all visitors
- Taking part in governance activities i.e. incident reporting and investigation, audits, personal development, and team meetings
- Monitoring essential stocks and re-ordering as required
- Maintaining a clean and safe working environment
- Complying with policies and procedures, including information security and providing a quality service

What people see in you:

- A team player who is supportive, caring, reliable and trustworthy, who gets stuck in and creates a positive atmosphere
- Someone who takes pride in their work, is passionate and delivers great customer service
- A person who naturally instils confidence in everyone they work with
- Someone who thrives on and is calm in challenging situations, working well under pressure
- Someone who has self-awareness and is self-motivated to develop themselves
- A colleague who is flexible and adaptable
- Someone who brings fresh thinking and innovative solutions to challenges
- A person who makes good decisions
- Someone who is approachable, dedicated and hardworking
- A great communicator at all levels
- A positive influence on their work

You will:

- Be competent at performing routine and complex MRI examinations with and without contrast medium
- Have an understanding of fundamental MRI physics and different scanning techniques and sequences
- Be able to demonstrate an appreciation of patient care and confidentiality
- Have proven knowledge of the requirements of a radiographer's role in the care of patients, their visitors and carers, and to colleagues
- Have the ability to work in a multidisciplinary team
- Understand the implications of the Data Protection Act, Caldicott Principles and GDPR

Job description

- Have carried out Infection Control training, Manual Handling and Patient Transfer training, Health and Safety Awareness training, Basic Life Support training
- Be computer literate, with accurate data entry skills and attention to detail
- Have great interpersonal skills
- Have a specific interest in training and developing your MRI skills and those of others
- Be willing to participate in daily tasks and ask for help if unsure
- Actively participate in the individual performance appraisal review system
- Actively engage with your colleagues to foster an environment where clinical excellence and high morale flourishes
- Have strong attention to detail
- Have a demonstrable aptitude towards improving quality
- Have really good communication skills – written, verbal and listening
- Have BSc Radiography or equivalent
- Hold a valid HCPC registration
- Have an enhanced DBS
- Have a professional and cooperative attitude towards patients, customers and colleagues

You have experience of:

- Proven safety awareness skills when it comes to imaging equipment
- Working within a hospital or mobile environment
- Working within a multi-disciplined team
- Working with MRI equipment

Other key parts of the Senior Radiographer role:

- You should be able to work without clinical risk in respect of the equipment being used (no metallic implants, pacemaker etc.)
- You need to be willing to be flexible when working shifts required
- You should have proven diligence in CPD activity
- There may be instances where our Radiographers need to work outside their region to support the operational requirements of the business
- On occasions, national travel may be required to attend training courses
- Radiographer roles will require you to be a resident in an area which is reasonably commutable to the location of the role
- There may be times that additional hours need to be worked at short notice to fulfil unexpected clinical requirements

Please Note: Department service hours are from:

- 06h45 to 21h00 Monday - Friday
- 07h15-20h00 Saturday, Sunday and Bank Holidays.
- Future on- call service

Please consider travel arrangements / timings before applying for the position.
